

Monitoring Framework for Jal Shakti Abhiyan

1) Rainwater Harvesting (RWH)

As on:.....

Category of Establishments	Buildings without RWH structures	Buildings with non-functional RWH	Buildings with functional RWH	Buildings where RWH structure under-construction	Buildings where new RWH structure installed
i. Government Buildings					
a. Central					
b. State/UT					
c. ULB					
ii. Commercial Establishments					
iii. Institutional Buildings					
a. Educational Institutions					
b. Hospitals					
iv. Industrial Buildings					
v. Group Housing Societies					
vi. Others					
Total					

All figures in numbers

2) Reuse of treated waste water from STP

As on:.....

Table A Reuse

Category of Establishment	Number of Establishments using treated waste water	Quantity of treated waste water reused daily
i. Horticulture/Landscaping		
ii. Agriculture		
iii. Fire Hydrant		
iv. Construction activity		
v. Power plant		
vi. Industry		
vii. Commercial		
Total		

Table B Dual Piping

Category of Establishment	Number of Establishments with dual piping system	Number of Establishments where dual piping has been made functional	Quantity of treated waste water reused daily	Number of Establishments where dual piping work has been initiated
i. Group Housing Society				
ii. Public building				
a. Central				
b. State/UT				
c. ULB				
iii. Industry				
iv. Commercial				
Total				

3. Rejuvenation of Water Bodies

As on:.....

Type of Water Bodies	Number of water bodies identified	Under rejuvenation		Rejuvenated	
		Number	Area (in acre)	Number	Area (in acre)
i. Lakes					
ii. Ponds					
iii. Tanks					
iv. Stepwells/Baolis					

Photographs & videos before and after rejuvenation of water bodies to be uploaded

4. Plantation

As on:.....

Locations	Area under green cover (in m ²)	Number of saplings* planted
i. Public Space		
ii. Roadside		
iii. Around water body		
iv. Government Buildings		
a. Central		
b. State		
c. ULB		
v. Commercial Establishments		
vi. Institutional Buildings		
vii. Educational Institutions		
viii. Hospitals		
ix. Industrial Buildings		
x. Group Housing Societies		

**Plant species at least 4-6 feet tall, less water consuming and hardy*

Photographs & videos of plantations before and after to be uploaded

5. Jan Andolan

As on:.....

Jan Andolan activities	Number of events	Number of participants/attendance
i. Poster/Painting/Slogan/Essay/Debate competitions		
ii. Public awareness meetings/Discussions		
iii. Rallies/Route march etc.		
iv. Dance/Drama/Kathputli/Nukkar Natak		
v. Other modes of mass awareness campaign		
Total		

Photographs & videos of Jan Andolan activities to be uploaded
