Dated : 26th May, 2016

Dear Sir/Madam,

You are aware that AMRUT Mission guidelines provide for reform incentives to States and UTs. This reform incentive is in the form of untied additional grants to the State / UT over and above their eligibility under AMRUT. The guidelines mention 28 reform milestones which were required to be achieved for 2015-16. States and UT have been asked to submit their claim for the reform incentive based on self-evaluation and assessment with supporting documents to the Ministry. This is to be submitted in hard copy as indicated in my earlier communications.

2. Last date for receiving the reform claim is **30th May, 2016**. The indicative allocation for disbursing as reform incentive this year are Rs. 400 crore. This will be disbursed only among the eligible States/ UTs. I am sure that under your able guidance your State/UT will be able to submit and claim the reform incentive within the time limit.

With regards,

Yours sincerely,

(Neeraj Mandloi)
